NMSDC MBE CERTIFIED

At PRH Industries powered by RFX | RFE, we offer efficient transportation and logistical services that bring value to our customers and foster business growth. Our focus is on ensuring safe operations, driving innovation, and maintaining excellence. We aim to enhance the growth and global competitiveness of Minority Business Enterprises (MBE), unlocking the country's full economic potential.

OUR VALUES

Work Hard

When we make a commitment, we will do whatever it takes to keep it, which includes providing 24/7 coverage.

Solution Oriented

Even in the most stressful of times, we find solutions. Keeping a positive attitude and giving maximum effort fuels us.

Focused Efforts

Superior service does not come by accident. It means always doing the right thing, even if it makes the job harder.

FAST-PACED EXCELLENCE

Regardless of the scope of a job, it is important and deserves to be treated as such. Through diligent hustle and unrivaled expertise, we can provide quick, reliable service with:

✓ No Compromises

No matter your logistical need, we will go the extra mile to ensure timely, safe and cost-effective delivery.

✓ No Surprises

We take the time to meticulously plan every aspect of a job so we can quickly and effectively adapt in the event of unforeseen circumstances.

✓ No Bull

We believe every relationship is built on trust and honesty. We promise to maintain open lines of communication with you, our partners and each other.

POWERED BY:

OVER-DIMENSIONAL AND REFRIGERATION

GETTING IT RIGHT THE FIRST TIME, **EVERY TIME**

OVER-DIMENSIONAL / HEAVY HAUL

By taking the time to plan every aspect of a job, we can ensure the safe, efficient delivery of your shipment no matter the size, weight, length or width. It's this meticulous attention to detail that has helped us earn our renowned reputation with our partners, and within the industry.

REFRIGERATION

Our roots run deep when it comes to refrigerated trucking. Whether your needs call for frozen, deep-frozen or temperature controlled, our 53' air-ride trailers are up to the task. By being able to control your products' temperature across three zones, we can ensure safety while enhancing flexibility.

COMPLEX NEEDS DEMAND SOPHISTICATED SOLUTIONS

There is no one-size-fits-all solution when it comes to over-dimensional and refrigeration logistics services. Our team of expert operations professionals, safety personnel, drivers, logisticians, business development managers and technicians are dedicated to creating and executing custom-tailored solutions designed specifically for your needs, timeframe and budget.
